

## NEW ZEALAND SERVICES

Kensington Trust Group (KTG) started its office in New Zealand in 2014 to provide for private wealth and corporate services.

KTG formed a strategic alliance with JTC in 2013, which was further strengthened the following year with JTC's investment. This association created a global offering of trust, fiduciary, corporate and fund administration services to what is now the collective JTC Kensington client base.

## PRIVATE WEALTH SERVICES

### Private clients

Our independence and focus ensures that we listen, advise and create plans that are completely aligned with a client's personal goals. It is these qualities that have contributed toward the long-term relationships that we continue to nurture and build partnerships on. We have extensive experience in managing wealth from trust and estate planning to family governance and succession.

We have experience in administering underlying businesses within private clients' structures which requires a blend of 'corporate-style' service with the defined focus and personal interaction that underpins our traditional private client relationships.

Services we provide to our private clients include:

- > Registration of the New Zealand foreign trusts and annual compliance
- > Establishment of bespoke trusts and foundations based in a number of jurisdictions for estate and succession planning, philanthropy objectives and any other specific purpose
- > Provision of personal trustee services
- > Ongoing administration and financial accounting including underlying structures and portfolios
- > Ensuring that management and control is exercised in the appropriate jurisdiction, when required
- > Partnership with licensed asset/fund managers in management of the assets.

### Citizenship solutions

New Zealand is seen by many high net worth families as an attractive country in which to obtain citizenship. It offers a stable economy and political landscape, no estate or death duty, limited capital gains tax and no gift duty or other forms of donations tax.

A four-year tax break on foreign sourced income is also available.

We design tailor-made citizenship solutions for our clients to suit their family's needs, taking care of the technical immigration requirements as well as all the surrounding issues including cross-border estate planning, re-domiciling clients and business structuring.

#### Committees

As an independent advisor, we can provide cross-cultural committee members who can help families devise effective business management committee structures, which are not only efficient but also create a forum to enable the family's vision and values to be transmitted to the next generation.

#### Succession

By engaging with several generations of the same family we can build strong, effective solutions to lead our clients and their families through the complex challenges of managing generational wealth.
